WHAT IS CORAZÓN?

Corazón, Inc. is an all-volunteer, nonprofit, non-denominational corporation formed in 1978 to serve the poor in Mexico. Their goal is to help raise the standard of living amongst the poorest of struggling families within our reach. The *familia* Corazón program is not a handout to the poor; rather it is a proven method of assistance that allows the poor to help themselves. In the process, they help their neighbors and their community to grow and prosper.

BUILD A HOUSE IN ONE DAY

Nuevo Milenio, Mexico 12.11.04

HOW DOES IT HELP?

The program is about families and the environment they exist in. Corazón helps the poor by letting them earn their way out of poverty and into a brighter future. The first step is a family's desire to improve their way of life. By working on neighborhood projects, the *familia* members can earn hours that they can exchange for many of their basic needs, such as food, clothing, tools, and building materials. Building remains a cornerstone of the Corazón program. In their build a house-in-a-day project, American groups can see firsthand the poverty that exists in Mexico and the obstacles that the poor must surmount. The building is your entry into the *familia* Corazón program of helping the poor who have chosen to help themselves. This is your opportunity to witness a true community of hope arising where only despair previously existed. (Information provided by Corazón)

HOW CAN I HELP?

Please join Self Storage Economics.com in contributing to this growth and share in the satisfaction of helping people who truly seek to build a better life for themselves and their families. The cost to build a house is \$5,500.00. We need 50 committed volunteers to build a house in ONE day in Nuevo Milenio, Mexico on December 11, 2004. Please complete the registration form and mail or fax your commitment for volunteering and/or donating to: Self Storage Economics.com. Thank you in advance for your support and generosity in making this vital project a success! (www.corazon.org)
